

CUSTOM METAL STAMPING & BRACKETS

630T / 315T

STAMPING PRESSES

~3,000 m²

WORKSHOP AREA

IN-HOUSE

TOOLING DEVELOPMENT

Guangdong Boxiang Intelligent Equipment Co., Ltd.

Custom metal components manufactured in Sihui, Guangdong, China.

WHAT WE SUPPORT

Automatic-feed stamping

630T and 315T presses for custom stamped metal components.

Tooling development

In-house die development, tryout and production maintenance.

Custom metal components

Brackets, mounting plates and formed parts, reviewed against your drawing and application.

WHAT TO INCLUDE IN YOUR RFQ

01 Latest drawing

Include the revision; a 3D file is helpful if available.

02 Material

Grade and thickness.

03 Fit and inspection

Critical tolerances and assembly requirements.

04 Surface finish

Coating, appearance or protection requirements.

05 Quantity

First order and expected repeat demand, if known.

LET'S REVIEW YOUR NEXT PART

Open specifications are welcome. Tell us what is decided and what still needs discussion.
